

Corporate Responsibility

BisB is proud of its commitment to social responsibility in the communities we serve, and contributes to the social well-being and economic development of the Kingdom of Bahrain.

Our support of the Islamic Banking industry in the country takes the form of participation and sponsoring of key industry events. In 2017 this included the World Islamic Banking Conference and the World Bank Annual Conference on Islamic Banking & Finance.

We continue to support vigorously a number of charitable, medical, educational and social organizations, and encourage participation of our staff and management in local community activities.

Organizing The Bank's first Sharia'a forum focusing on defining Islamic Banking products
